

It's More than just a Phone...

It's the Heart of Your Company.

Flex•Point™ delivers a cloud-based business phone system without the costs and hassles of managing it on-site. Your communications system is hosted on GTB's private network, saving you the headache of managing your own equipment and paying expensive maintenance fees. **Flex•Point™** is a scalable solution that can evolve with your company.

Flex•Point™ is as mobile as you are. You can work like you're in the office - no matter where you are. **Flex•Point™** also allows your team to use a single office number across a wide range of devices, from desktop computers to smartphones, and can even connect multiple locations into one system.

Don't miss a beat!

FLEX•POINT™
Hosted PBX by GTB

Company Features

Attendant Console	Receptionist can answer calls for any extension.
Auto Attendant*	A virtual operator directs calls to the appropriate extension or announcement.
Elegant Business-Grade Desk Phones	Sleek and attractive phone sets and display screens with High Definition (HD) voice quality.
Detailed Call Logs	Comprehensive report of company call activities.
Managed Network	HD voice quality maintained using GTB's private, managed network.
Music on Hold*	Entertain clients while on hold or use recordings to promote your business.
Call Center*	Supervisory dashboard, which shows employee calls in a queue, agent activity, and detailed statistics and reports. Includes features, such as "monitor", "whisper" and "barge in".
Call Management from Computer Devices*	Cloud-based service allows employees to control their phone settings and manage calls from any web browser or smartphone.

Benefits of Hosted PBX

Attractive Local and Long Distance Calling Plans	Variety of calling plans to accommodate calling habits and budgets.
Business Continuity	Your company continues receiving calls even during a power outage.
Remote Office-Worker Support	Remote workers appear as if they are part of the office phone system.
Personal Installation, Training and Support	GTB personally installs your phone system and provides on-site training. We also provide continued, dedicated support and problem resolution after installation.
